## **Telehandler**

Unites power and manoeuvrability

The comfortable TH522 telehandler is characterised by the combination of strong engine output, high level of manoeuvrability and great lift height. Thanks to the all wheel steering and compact design, the TH522 is extremely manoeuvrable. Stacking and transport work is fast and easy in even the tightest of spaces. Equipped with sensitive work hydraulics and a hydrostatic drive, it is possible to use many different attachments.

## Highlights

- The telehandler as an equipment carrier
- VLS (Vertical Lift System)
- Ergonomic joystick
- High-quality powder coating
- High Flow high-performance hydraulics
